Twin Birch Golf Club

LOCATION

Kalkaska, Michigan

CONTRACT BUDGET

\$300,000

START DATE

August 2022

COMPLETION DATE

May 2023

SERVICES PROVIDED

Electrical Engineering & Design

OVERVIEW

The Windemuller team was proud to play a key role in the transformation of Twin Birch Golf Club and Restaurant during its grand reopening this spring.

Our work included completely redesigning and installing all the electrical systems in the clubhouse. We expanded the pro shop, built a brand-new kitchen for high-quality food preparation, and created a modern bar and restaurant from the ground up. To ensure year-round comfort, we added a versatile three-season room, to be enjoyed regardless of the weather. We also improved the site lighting in the parking lot to enhance safety and aesthetics.

Windemuller's comprehensive approach transformed the entire clubhouse into a welcoming and functional space for everyone to enjoy.
